MEMORANDUM FOR: Acting Comptroller

SUBJECT : Estimates for Project CORONA

REFERENCE : Memo dtd 9 March 62 to DD/S fr A-COMPT, subj:
"Estimates for CORONA; Action Memorandum
No. 3"

1. I do not think that it is necessary to transmit the attached information to the Director at this time. However, I call your attention to his instruction "that for any future presentations you arrange to present a picture which includes not only the dollar figure support contained in our budget as a contribution to this program but also encompass the other factors mentioned above." (Action Memorandum No. 3 - Deputies' Meeting, 13 February 1962)

2. As I understand it, the Director wants to show the total cost of this program to us so that our contribution to the over-all effort will not look so small in comparison to that of the Department of Defense. Accordingly, I suggest that in any future presentation you attempt to place some price tag on the three elements of cost mentioned in paragraph 5 of your memorandum of 9 March 1962.

DEPUTIES' MEETING, 13 FEBRUARY 1962

ACTION MEMORANDUM #3

TO: Colonel White

In the discussion at the meeting this morning you will recall that the Director expressed the view that the dollar figure cited in the F.Y. '63 budget hearings for support of satellite photography did not adequately reflect our full participation in this program. It was pointed out that the dollar figure merely covered purchase of film and processing and does not properly reflect the great amount of time and salaries of our personnel involved in acting as the executive agent in procurement activities as well as the technical participation of NPIC. The Director asked that for any future presentations you arrange to present a picture which includes not only the dollar figure support contained in our budget as a contribution to this program but also encompass the other factors mentioned above.
